***Q1. With respect to the Power Purchase Agreement, Page 18 Section 3.5 (B and C – and potentially elsewhere) there are references to "Capital Improvement Projects" that must be undertaken as part of the construction obligations of the Successful Respondent. Can the Authority confirm that there are no "Capital Improvement Projects"?***

**A1.** Please be advised that there are **NO** Capital Improvement Projects associated with the Local Unit Facilities included in the RFP. References to Capital Improvement Projects in the Program Documents also include the phrase "if any". The "if any" language was used as a place holder until such time as it could be confirmed that there were in fact no Capital Improvement Projects. Program Documents will be adjusted accordingly prior to execution.
